- Milk Tankers
- Wine Industry Tanks
- Compound – natural rubber, nitrile, silicone

Skellerup Lid Rings

Manufactured from high grade white rubber acceptable to the milk and beverage industries. They are designed for sealing manhole ports where a metal flange is used to mount the ring. Lid rings are manufactured in a selection of sizes to suit most tankers and vats.

Custom Moulded Rings

Custom moulded rings are also available and can be manufactured to order. If the standard sizes (see below) don't suit your purposes, please contact us and we will be happy to discuss your project with you.
